Bernard Eyre

Mr. Bernard Eyre spent the early part of his career developing business opportunities in the aerospace industry based in the United Kingdom (UK), engaging with defence ministries, government agencies and airlines around the world. Following on from this he joined a newly privatized water and wastewater utility in central England and was responsible for expanding its overseas activities, which led to many successful business ventures in Europe, the Caribbean, and North America. In 1997, Mr. Eyre joined British Gas (BG) International as an International Business Manager in South America, developing BG's interests in Argentina, Uruguay, Chile, Bolivia, and Brazil where he served as a director on the Board of Comgas, the largest gas distribution company in the region which had been recently privatized. Mr. Eyre returned to the UK last year and has recently moved to Astana to take up the role of Commercial Manager for BG Kazakhstan.

Mr. Eyre's career in business development spans over 30 years and he has gained wide experience in developing commercial strategies across many sectors of the natural gas industry, focusing primarily on the downstream sector.
